

BioLife Remedies Inc. Announces new products, CHOLESSRA

Guangzhou, China, Mar 19, 2007 - Bio Life Remedies, Inc.(PINKSHEETS: BLRS) is pleased to announce that CHOLESSRA™ will be available for sales within 30 days. CHOLESSRA™ is a herbal product developed by the company for people with a high cholesterol level. People with a high level of cholesterol in the blood are at high risk of cardiovascular diseases (heart disease and stroke). The President and CEO of the Company, Jack Guo commented, "CHOLESSRA™ is developed from a century-old TCM herbal formula used traditionally for the heart problem; our researchers did extensive research and tests on the formula and identified the herbs that are effective in lowering Cholesterol. After decades of effort, we have refined the century-old formula into a herbal formulation for the condition of high cholesterol. Currently we are in the final stage of getting ready to distribute the product in the market."
