

VANCOUVER, BC — Bio Life Remedies, Inc. a manufacturer of health care products based on traditional Chinese medicine, is pleased to provide the following update.

The company plans to produce a new herbal supplements derived from a Traditional Chinese Medicinal formula that has been used for centuries in China to treat Cholesterol. The market for such a product is in huge demand internationally. This supplement is developed to effectively lower high cholesterol without making the patients blood pressure climb and helps protect weak hearts in the process. We are currently working on manufacturing/branding of this new and exciting product. The Company plans to launch this product in March 2007.
